GitHub PRs on your mobile

Dude, Where’s my PR?
What is
Flutter is an SDK for building apps on iOS & Android
Open Source
Flutter’s Stack is Open

https://github.com/flutter/flutter

https://github.com/google/skia

https://github.com/dart-lang/sdk
Flutter’s Engine is Open

https://github.com/flutter/engine

- Android
- iOS
- Linux & Mac (experimental)
- Others?
Let’s do some coding!
But let’s start with the basics ...
code: https://github.com/efortuna/dwmpr
