SRE... DevOps... Agile...
Serverless, Kubernetes, Cloud Native...
SRE, DevOps, Agile, Velocity, Serverless, Kubernetes, Cloud Native...

Value Stream Mapping, Continuous Security, Continuous Testing...

Observability, NoOps, NewOps...
New Project
No one defines value for you.
Documentation matters.
Shit Happens.
Documentation will be wrong.
You will make mistakes.
Snowflakes are cool.
Change is Inevitable.
Your health matters.
Recognize Trauma.
